### 360 Photo Booth

We mean 360 degrees of awesome.

As in, 360 degrees of you and your guests in all your party-having glory. Our 360 Booth allows you to be moving and grooving while your video is being taken at lightning speed. Simply step onto the platform, decide on what killer moves you're going to bust out, and wait for the camera to start spinning!

Our 360 photo booth rental captures you and whatever fun-loving friends you've brought along, while also taking in a lot of your surroundings. So, it's perfect for events with great decorations and fun lighting that you really want to show off.
